

# Crane Inspections with Preventative Maintenance

**National Coverage**  
With local services in:

-  *Houston, TX*
-  *Detroit, MI*
-  *Alliance, OH*

## When anything can happen, trust the team that has seen everything.

Make sure that no detail goes unnoticed by scheduling an inspection and preventative maintenance appointment with the crane experts at Morgan Site Services. As certified inspectors, our team offers crane inspections for any need, including:

-  **Mechanical Inspections**
-  **Structural Inspections**
-  **Electrical Inspections**
-  **Monthly Crane Inspections**
-  **Annual OSHA Inspections**

You'll receive a comprehensive inspection report that details every part of your crane. We'll also grease, oil, and conduct other preventative maintenance to make sure your crane is good to go for the long run.

For any issues that can't be fixed on the spot, our full-service mechanical and electrical engineering teams are available to create the solution you need.

### Due for an Inspection?

Morgan Site Services is ready to keep you safe and efficient, no matter what tomorrow brings.

Contact your **sales representative** or call **844-748-3782** to schedule an inspection today.
